Dear Sir:

The Office Action dated October 7, 2008 comprised a restriction requirement alleging that the above-identified application contains claims directed to the following patentably distinct inventions:

- I. Claims 1-16, drawn to an apparatus for providing group voice services in a wireless network, classified in class 455, subclass 519.
- II. Claims 17-33, drawn to a real-time exchange coupled to a P2M server, classified in class 455, subclass 466.
- III. Claims 34-42, drawn to an apparatus for providing voice services in a wireless network, classified in class 455, subclass 73.

In response, Applicants' attorney elects Group I, namely claims 1-16.

Should the Examiner believe minor matters still remain that can be resolved in a telephone interview, the Examiner is urged to call Applicants' attorney.

Respectfully submitted,
